

## Empowerment Counseling Center of Rhode Island

### Late Cancel/Missed Appointment Fee:

Empowerment Counseling Center of Rhode Island will assess a fee the equivalent cost of a missed session for appointments that are late cancelled (not before 5:00 p.m. the previous day to the scheduled appointment), or those not attended without notice. Insurance companies do not refund the cost of an unattended appointment, nor do clinicians get compensated for that time.

**The cost of a late cancelled or missed session will be \$50.00.** Clients who are unable to pay the entirety of the fee at once, may set up a payment plan. We do realize there are times when circumstances are out of the client's control and we will take that into consideration at the time.
